OFFICIAL
GAZETTE

WE, ABDULLAH II BIN AL-HUSSEIN, KING OF THE HASHEMITE KINGDOM OF JORDAN,
PURSUANT TO ARTICLE (31) OF THE CONSTITUTION, AND BASED ON WHAT THE
CABINET RESOLUTION OF 27 AUG. 2018;

ORDER THE FOLLOWING REGULATION TO BE ENFORCED:

REGULATION NO. 106 FOR THE YEAR 2018

CIVIL AVIATION CHARGES REGULATION

Issued pursuant to Article (67) of Civil Aviation Law No. (41)
for the year 2007 and its amendments

Article (1):

This regulation is called (Civil Aviation Charges Regulation for the year 2018) and shall enter into effect 30 days from the date of its publication at the Official Gazette.

Article (2):

The following words and terms wherever appeared in this regulation shall have the meaning shown in front of each unless the context states otherwise:

The Authority The Civil Aviation Authority.

The Board The Authority's Board of Commissioners.

Chairman Chairman of the Board, Chief Executive of the Authority.

Article (3):

- A. Subject to what is mentioned in paragraph (B) of this Article, fees, charges and costs specified in this regulation are collected against carrying out any actions and services provided by the Authority as indicated in the following:
- 1- The use of Jordanian Civil Airports.
 - 2- Services and Air Navigation Facilities.
 - 3- Licenses, Authorizations, permits, certificates, adoptions, approvals and publications issued by the Authority, pursuant to the Authority Law, or any other applicable legislation, regulations or instructions.
- B. The Authority shall not collect the fees, any charges and costs, mentioned in paragraph (A) above of this Article, if any party is authorized to utilize or operate any aviation facility, where the concluded agreement with that party stipulates that, and in that case the agreement provisions shall be applied after the Cabinet approval on it.

Article (4):

Except for Queen Alia International Airport, Charges against the use of civil airports are set herein as the following:

- 1- Subject to what is mentioned in paragraphs (2), (3), (4) and (5) of this Clause, landing charges are collected as per maximum take-off weight for the aircraft, according to the certificate of its airworthiness, provided the collected minimum charges in any case not be less than JD 30 where it shall be per each Ton or part thereof as the following:

Description	JD	Fils
First 25 Tons of Aircraft weight	1	535
Following 75 Tons	2	305
Exceeding 100 Tons	2	561

2- A surcharge of (35%) prescribed in item (1) of this Clause, shall be collected against every landing or takeoff during the night. Night is defined as the period between 30 minutes after sunset and 30 minutes before sunrise.

3- A surcharge of (10%) of charges prescribed in item (1) of this Clause, shall be collected against Air Traffic Control Services, provided that such surcharge shall not be less than fifteen Jordanian Dinars.

4- (50%) of the landing charges prescribed in item (1) of this Clause, shall be collected on the following:

- Helicopter Aircraft engaged in commercial flights.
- Aircraft engaged in charter flights carrying tourist groups to the Kingdom.

(30%) of the landing charges prescribed in item (1) of this Clause shall be collected on the following:

- Aircrafts engaged in non-commercial flights.
- Foreign Aircraft used for training or crew test flight for the purpose of acquiring licenses or qualifications or testing of the aircraft and its equipment, subject to the prior written approval of airport director.
- Aircrafts engaged in aerial activities for the service of the state.

B- Parking charges outside-Hangars

1- Subject to item (2) of this Clause, parking charges shall be collected according to the maximum takeoff weight of the aircraft as indicated in the certificate of its airworthiness. Its certificate of airworthiness

2- The first two hours of parking charges shall be exempted, and this charge will be collected on every following hour, provided that the minimum parking charges shall not be less than JD 15 and as indicated below per each ton or part thereof per hour or part thereof as follows:

Description	JD	Fils
First 25 Tons of Aircraft weight	-	155
Following 75 Tons	-	108
Exceeding 100 Tons	-	062

In any case of submitting a request for parking for a period exceeding 72 hours, and approving it, the parking charges shall be collected according to the maximum take-off weight of any aircraft, as indicated in the certificate of airworthiness for a period of 24 hours or part thereof as follows:

Description	JD	Fils
For Aircraft weight 5700 Kg or less	26	500
For Aircraft weight 5701 Kg and more	51	191

- 3- The prescribed charges in items (4) and (5) of Clause (A) of this Article are applicable against Aircraft parking pursuant to item (2) of this Clause.

C- Parking charges inside the Hangars

- 1- Parking charges inside **Hangars** shall be collected according to the maximum take-off weight of any Aircraft as indicated in the certificate of its air worthiness for each (24) hours period or part thereof for each ton or part thereof as follows:

Description	JD	Fils
First 25 Tons of Aircraft weight	2	561
Following 75 Tons	1	535
Exceeding 100 Tons	-	768

- 2- The mentioned rules in items 4 and 5 of Clause (A) of this Article are applied for aircraft parking inside **Hangars**
- 3- The minimum collected parking charges inside the **Hangar** shall not be less than JD 30, in any case according to item (1) of this Clause.

Air Bridge (Jet Ways) Charges:

- 4- A charge for the use of air bridge for embarkation and disembarkation of passengers to and from Aircraft shall be collected on every two-hours period or part thereof as follows:

Description	JD	Fils
For Aircraft of 90 tons weight or more	61	429
For Aircraft of less than 90 Tons weight.	40	953

- 5- The Board is authorized to extend the specified period in item (1) of this Clause for (30) minutes without any surcharges.

D- 50% of the due charges are collected according to Clauses (A), (B), (C) and (D) of this Article, except what is stipulated in items (4) and (5) of Clause (A) and item (3) of Clause (B) of this Article for aircrafts operating to King Hussein International Airport.

E- Fees or any charges for using civil airports by aviation academies, institutions and aviation schools are determined by the instructions issued by the Board according to recommendations of the Chairman.

F- Passengers Transit Services Fee:

- 1- Passenger transit services fee of (JD 4) Four Jordanian Dinars against each passenger shall be collected.
- 2- The fee prescribed under the provisions of item (1) of this Clause shall be collected by airlines directly in accordance with instructions issued by the Board.

Article (5):

Charges against the use of Queen Alia International Airport are set herein as Follows

A- Aircrafts Landing Charges

- 1- Subject to what is mentioned in paragraphs (2), (3), (4) and (5) of this Clause, landing charges are collected as per maximum take-off weight for the aircraft, according to the certificate of its airworthiness, provided the collected minimum charges in any case not be less than JD 30 where it shall be per each Ton or part thereof as the following:

Description	JD	Fils
First 25 Tons of Aircraft weight	2	250
Following 75 Tons	3	376
Exceeding 100 Tons	3	826

- 2- A surcharge of (35%) prescribed in item (1) of this Clause, shall be collected against every landing or takeoff during the night. Night is defined as the period between 30 minutes after sunset and 30 minutes before sunrise.
- 3- A surcharge of (10%) of charges prescribed in item (1) of this Clause shall be collected against Air Traffic Control Services, provided that such surcharge shall not be less than fifteen Jordanian Dinars.
- 4- (50%) of the landing charges prescribed in item (1) of this Clause, shall be collected on the following:
- Helicopter Aircraft engaged in commercial flights.
 - Aircraft engaged in charter flights carrying tourist groups to the Kingdom.
- 5- (30%) of landing charges prescribed in item (1) of this Clause shall be collected on the following:
- Aircrafts engaged in non-commercial flights.

- Foreign Aircraft used for training or crew test flight for the purpose of acquiring licenses or qualifications or testing of the aircraft and its equipment, subject to the prior written approval of airport director.
- Aircrafts engaged in aerial activities for the service of the state.

B- Parking charges outside Hangars

- 1- Subject to item (2) of this Clause, parking charges shall be collected according to the maximum takeoff weight of the aircraft as indicated in ~~the~~ its certificate of ~~its~~ airworthiness.
- 2- The first two hours of parking charges shall be exempted, and this charge will be collected on every following hour, provided that the minimum parking charges shall not be less than JD 15 and as indicated below per each ton or part thereof per hour or part thereof as follows:

Description	JD	Fils
First 25 Tons of Aircraft weight	-	225
Following 75 Tons	-	165
Exceeding 100 Tons	-	090

- 3-
- 4- In any case of submitting a request for parking for a period exceeding 72 hours, and approving it, the parking charges shall be collected according to the maximum take-off weight of any aircraft, as indicated in the certificate of airworthiness for period of 24 hours or part thereof as follows:

Description	JD	Fils
For Aircraft weight 5700 Kg or less	37	508
For Aircraft weight 5701 Kg and more	75	016

- 5- The prescribed charges in items (4) and (5) of Clause (A) of this Article are applicable against Aircraft parking pursuant to item (2) of this Clause.

C- Parking charges inside the Hangars:

- 1- Parking charges inside Hangars shall be collected according to the maximum take-off weight of any Aircraft as indicated in the its certificate of airworthiness for each (24) hours period or part thereof for each ton or part thereof as follows:

Description	JD	Fils
First 25 Tons of Aircraft weight	3	826
Following 75 Tons	2	250
Exceeding 100 Tons	1	125

- 2- The mentioned rules in items 4 and 5 of Clause (A) of this Article are applied for aircraft parking inside hangars.
- 3- The minimum collected parking charges inside the **Hangars** shall not be less than JD 30, in any case according to item (1) of this Clause.

D- Air Bridge (Jet Ways) Charges:

A charge for the use of Air Bridge for embarkation and disembarkation of passengers to and from Aircraft shall be collected on every two-hours period or part thereof as follows:

Description	JD	Fils
For Aircraft of 90 tons weight or more	90	019
For Aircraft of less than 90 Tons weight.	60	013

E- Terminal User Charge:

- 1- A fee for the use of the passenger terminal of (JD 10.006) Ten Jordanian Dinars and Six Fils, shall be collected for each passenger departing on international flights.
- 2- The fees prescribed under the provisions of item (1) of this Clause shall be collected by airlines directly.

- 3- Upon collecting the prescribed fee pursuant to this Clause, the regulations related to exemptions as stated in signed agreements between the Government and the airport investor shall be considered.

F- Passengers Transit Services Fee:

- 1- Passenger transit services fee of (JD 5.251) Five Jordanian Dinars and Two Hundred Fifty One Fils against each passenger shall be collected.
- 2- The fee prescribed under the provisions of item (1) of this Clause shall be collected by airlines directly in accordance with instructions issued by the Board for this purpose.

Article (6):

- A- A fuel fee of (1%) of the total claimed amount of money, issued by the supplying company inside the airport, shall be collected.
- B- A fee of (JD 2.032) Two Jordanian Dinars and Thirty Two Fils, for the Common User Terminal Equipment, shall be collected for each passenger departing on an international flight.
- C- The airport operator shall directly collect the fee prescribed in this Clause, in accordance with instructions issued by the Board for this purpose.

Article (7):

Except for agricultural products, the following allowances are charged at the Air Freight Facilities Center:

- A- (JD 0.020) Twenty Fils per Kilogram shall be collected against X-ray inspection of goods.

B- (JD 0.015) Fifteen Fils per Kilogram shall be collected against handling of goods destined for air cargo.

C- (JD 0.005) Five Fils per Kilogram shall be collected against handling of goods not destined for air cargo.

Article (8):

A- Air-Navigation Service Charges of Aircrafts flying over Jordan Airspace shall be collected of an amount of (JD 1) One Jordanian Dinar for each Ton or part thereof according to maximum takeoff weight, as indicated in the certificate of airworthiness.

B- According to Clause (A) of this Article, the collected charges, in any case, shall not be less than (JD 40) Forty Jordanian Dinars.

Article (9):

Air navigation service collected charges according to the provisions of this regulation are as ~~the following~~: Follows

A- Charges against sale of Aeronautical Information Manual, its amendments and supplements, are according to the following:

No.	Aeronautical Information Manual	Price inside the HKJ in JD	Price outside the HKJ in JD
1	Aeronautical Information Manual, including all its segments and its cover.	125	150
2	The manual cover.	22	27
3	Aeronautical Information Manual, including all its segments without the cover.	103	123
4	Annual subscription of Manual amendments and supplements.	30	45

B- Prices of statistical reports are as the following:

Description	JDs
Monthly statistical report	15
Semiannual statistical report	50
Annual statistical report	75

C- The following are exempted from paying the mentioned charges in Clauses (A) and (B) of this Article:

- 1- International Civil Aviation Organization and its related bodies.
- 2- Countries that are contracted with the International Civil Aviation Organization, on the basis of reciprocity.
- 3- Any official body, the Board decides to exempt.

Article (10):

Fees against licenses, tests, authorizations, certificates, adoptions, and approvals issued by the authority are determined according to the following:

A- License Issuance Fees:

No.	Type of Fees	Fees in JD	
		For Jordanian	For Non-Jordanian
1	Issuance / renewal of a Student Pilot License, and Air Traffic Controller License	50	100
2	Issuance / renewal of a Private Pilot License (PPL)	50	70
3	Issuance / renewal of a Commercial Pilot License (CPL).	100	150
4	Issuance / renewal of Air Transport Pilot License (ATPL)	180	250
5	Issuance / renewal of Multi-Crew Pilot License (MPL)	200	250
6	Issuance / renewal of Balloon or Glider Pilot License	50	100
7	Issuance / renewal of Flight Instructor Certificate (FI)	120	200
8	Issuance / renewal of Light Aircraft Flight Instructor (LAFI)	100	150
9	Issuance / renewal of Aircraft Maintenance License	50	100
10	Issuance / renewal of Flight Operations Officer license / Dispatcher	50	100

11	Issuance / renewal of Ground Instructor Authorization	JD 250 for 12 Months or JD 30 for each month	JD 500 for 12 Months or JD 60 for each month
12	Issuance / renewal of Air Traffic Controller license	30	50
13	Issuance / renewal of Air- Navigation Technician License	30	50
14	Issuance of any conditional license.	25	50
15	Issuance / renewal of Crew Member Certificate	30	60
16	Approval of foreign license	75	150
17	Issuance / renewal of authorization relevant to aircrafts radio operations	20	40
18	Approval of any license amendments	20	30
19	Issuance / renewal of Cabin Crew Attestation	30	60
20	Approval of adding additional –speciality– on a license	35	60
21	Approval of adding an Instrument Rating	50	100
22	Issuance of: In lieu of lost or damaged license	40	60
23	Verification of a foreign license	50	75
24	Issuance / renewal of Remotely Pilot license	50	100
25	Issuance / renewal of any license not covered in this regulation	35	60
26	Approval for any foreigner to work in the Civil Aviation Sector		100

B- Examinations Fees:

No.	Type of Fees	Fees in JD	
		For Jordanian	For Non-Jordanian
1	Initial or repetitive of English Language exam	10	15
2	Initial or repetitive of all types of exams	10	20
3	Attesting certificate, letter or a document	3	5
4	Issuance of scores transcript or any report	3	5
5	Changing exam date	10	20

6	Objection application of an exam	20	20
7	Initial or repetitive of pilots oral exams	50	75
8	Pilots Practical exam on an aircraft weight less than 5700 Kgs	50	100
9	Pilots Practical exam f on an aircraft weight 5700 Kgs or more	100	200
10	Pilots Practical exam on Full Flight Simulator for aircrafts weight less than 5700 Kgs	50	100
11	Pilots Practical exam on a Full Flight Simulator for aircrafts weight 5700 Kgs or more	100	200
12	Initial or repetitive Oral or practical exam of any technical specialization	25	50

C- Airport Entrance Permits Issuance Fees:

No.	Type of Fees	Fees in JD
1	Submitting an application in order to obtain a license to enter an airport for individuals.	5
2	Issuance of an Airport Entrance Permit for individuals	20
3	Each addition or amendment on the permit based on the request of license owner	10
4	Issuance of a machinery permit that operates on anchors	15
5	Issuance of an Airport Entrance Permit for a machinery	15
6	Issuance of a Temporary Airport Entrance Permit for a period exceeding two weeks up to one month	3
7	Issuance of a Temporary Airport Entrance Permit for three months	8
8	Issuance of a replacement for lost or damaged a permit of all types for the first time	30
9	Issuance of a replacement for lost or damaged permit of all types for more than once	40

D- Subject to the provisions of Clause (C) of this Article, governmental authorities, security cadres, and employees for airport operators and all of their machinery, are exempted from airport entrance permit fees, as the nature of their job stipulates.

Article (11):

Standards fees for Flight Operations Standards shall be collected as issued by CARC ,
as per the followings:

No.	Type of Fees	Fees in JD
1	Submitting / verification of an application for scheduled and none scheduled commercial air transportation	50000
2	Submitting / verification of an application for cargo air transportation	20000
3	Submitting / verification of an application for air operating certificate amendment by adding type or types within the submitted application	15000
4	Submitting / verification of an application for commercial air transportation for aircrafts of less than 20 passengers	20000
5	Issuance / renewal of Air Operating Certificate for scheduled commercial air transportation of 20 passengers or more	150000
6	Issuance / renewal of Air Operating Certificate for non-scheduled commercial air transportation of 20 passengers or more	100000
7	Issuance / renewal of Air Operating Certificate for commercial air transportation of less than 20 passengers	40000
8	Issuance / renewal of Air Operating Certificate	40000
9	Submitting / verification of an application for Training Organizations Approval.	30000

10	Issuance / renewal of Flying Training Organization Certificate or Type Rating Training Organization Certificate or Flying Institution certificate	10000
11	Issuance / renewal of a single rating for Flying Training Organization or Type Rating Training Organization	8000
12	Submitting / verification of an application for Aviation Recreation Organizations	5000
13	Issuance / renewal of Aviation Recreation Organization Certificate	1000
14	Issuance / renewal of a single rating for Aviation Recreation Organization	1000

15	Changing the operations location of an Aviation Recreation Organization		1000
16	Submitting / verification an application for Unmanned Air Vehicles		3000
17	Issuance / renewal of Unmanned Air Vehicles Certificate		1000
18	Issuance / renewal of a single rating for Unmanned Air Vehicles Operation		100
19	Changing the operations location for Unmanned Air Vehicles		200
		Inside HKJ	Outside HKJ
20	Submitting / verification an application for an aviation theoretical training center	6000	10000
21	Issuance or renewal of an aviation theoretical training center certificate	3000	3000
22	Issuance / renewal of a single rating for an aviation theoretical training center	2000	2000
23	Changing the operations location of an aviation theoretical training center	3000	3000
24	Submitting / verification of an application for English Language Proficiency Examination Center for Pilots and Air Traffic Controllers		5000
25	Issuance / renewal of a certificate for English Language Proficiency Examination Center		3000
26	Issuance / renewal of a single rating for an English Language Examination Center		3000
27	Changing the operations location of an English Language Examination Center		1000
28	Changing the operations location of an approved training organization and commercial air transport		10000

29	Approval of leasing or rental of an aircraft for each month or part thereof		5% of fees concluded in accordance with the item related with issuance of aircraft certificate of airworthiness
30	Technical inspection to authorize an air route		1000

31	Certification of an aviation freight forwarder with restrictions	1000	
32	Certification renewal of an aviation freight forwarder with restrictions	500	
33	Certification / renewal of an aviation freight forwarder	5000	
34	Approval of Minimum Equipment List	400	
35	Amendment approval of Minimum Equipment List	100	
		For Jordanian	For Non-Jordanian
36	Approval of Line Training Captain and Line Check Captain	200	250
37	Approval of Synthetic Flight Instructor and Synthetic Flight Examiner	200	250
38	Approval of Type Rating Instructor and Type Rating Examiner	250	300
39	Flight Operation Inspector supervision of a practical test on Full Flight Simulator for Airline Transport Pilot License and Commercial Pilot License	200	400
40	Flight Operation Inspector supervision of a practical test on an aircraft for Commercial Pilot License	100	200

41	Flight Operation Inspector supervision of a practical test on an aircraft for Private Pilot License	100	200
42	Flight Operation Inspector supervision of a practical test on an aircraft for Instrument rating	100	200
43	Approval of special authorizations	300	
44	Approval / verification of each printed manual	200	
45	Approval of electronic manuals (for one time)	200	
46	Operation permit to airports or special areas	200	
47	Approval of Rectified Interval Extension as per aircraft Minimum Equipment List	200	
48	Certification / Renewal of Full Flight simulator	6000	
49	Certification / Renewal of Flight Training Device (FTD), Flight & Navigation Procedures Trainer (FNPT) and Basic Instrument Training Devices (BITD)	3000	
50	Certification / Renewal of Flight & Navigation Procedures Trainer	4000	

	(FNPTII) Multi Crew Cooperation (MCC)	
51	Certification / Renewal of aircraft mockup and or door trainer	2000
52	Certification / Renewal of Type Rating Training Organization outside Jordan	10000

Article (12):

Standards fees of aircraft sustainability shall be collected as issued by the Authority, in accordance with the following:

A- Fees of Aircraft Sustainability Management Corporation

No.	Type of Fees	Fees in JD
1	Submitting an application and studying it in order to license an Continuing Airworthiness Management Organizations	12000
2	Technical evaluation and auditing the application and manuals, and field inspection on Continuing Airworthiness Management Organizations upon issuance or renewal of license	7000
3	Issuance or renewal of a license for Continuing Airworthiness Management Organizations	5000
4	Approving Aircraft of a maximum aircraft weight exceeding 5700 Kgs for each model (Large Aircraft) or renewal of such approval.	1500
5	Approving continuing airworthiness management of an aircraft of a maximum weight of 5700 Kgs or less, and over 750 Kgs for each model (Small Aircraft) or renewal of such approval.	1000
6	Approving Aircraft continuing airworthiness management of a Helicopter aircraft type for each model or renewal of such approval.	1000

7	Approving continuing airworthiness management of an aircraft of a maximum weight of 750 Kgs for each model	500
8	Approving continuing airworthiness management- Contract for aircrafts of a maximum weight exceeding 5700 Kgs	1000
9	Approving continuing airworthiness management Contract for aircrafts of weighting over 750 Kgs and not exceeding 5700 Kgs	500
10	Approving continuing airworthiness management Contract for aircrafts of a maximum weight of 750 Kgs or less	200
11	Approving and full issuance of continuing airworthiness management Procedures Manual	400

12	Approving an amendment made to the Aircraft continuing airworthiness management Procedures Manual	100
13	Approving a full issuance of Aircrafts Reliability Program	1000
14	Approving an amendment made to the Aircrafts Reliability Program	200
15	Approving a full issuance of Aircraft Maintenance Program Manual	1000
16	Approving an amendment made to the Aircraft Maintenance Manual	200
17	Approving an extension or change on the Aircraft Maintenance Program	500
18	Issuance or renewal of a license for approval of Maintenance Organization according to the Sub Part (F) of Part (M) of Civil Aviation regulations.	2000

Fees of Maintenance Terminals:

No.	Type of Fees	Fees in JD
1	Submitting an application and studying it in order to Approve a Maintenance Organizations (AMO)	12000
2	Technical evaluation and auditing the application , manuals, and field inspection to a Maintenance Organizations (AMO) upon issuance or renewal of license	7000
3	Issuance or renewal of a license for Maintenance Organizations (AMO)	5000
4	Licensing Aircraft Maintenance of a maximum aircraft weight exceeding 5700 Kgs for each aircraft model and level of service, or renewal of such license.	1500
5	Licensing Aircraft Maintenance of an aircraft of a maximum weight of 5700 Kgs or less, and over 750 Kgs for each aircraft model and level of service, or renewal of such license.	1000
6	Licensing Aircraft Maintenance of an aircraft of a maximum weight of 750 Kgs or less for each aircraft model and level of service, or renewal of such license.	500
7	Licensing Aircraft Maintenance of a Helicopter aircraft type for each aircraft model and level of service, or renewal of such license.	1000
8	Licensing Maintenance for a Turbo Engine for each model, or renewal of such license.	5000

9	Licensing Maintenance for a Reciprocating Engine for each model, or renewal of such license.	1000
10	Licensing Maintenance for an Auxiliary Power Unit for each model, or renewal of such license.	750
11	Licensing Maintenance for all related Devices, Parts and Accessories (as stated in the license) or renewal of such license.	750
12	Licensing Special Services for each service, or renewal of such license.	750
13	Approving full issuance of maintenance procedures manual.	400
14	Approving an amendment to the maintenance procedures manual.	100
15	Approving base maintenance of a Foreign Maintenance Organization or renewal of such approval.	10000
16	Approving a Foreign Maintenance Organization anchorage and / or engines and / or aircraft parts and / or specialized services, or renewal of such approval.	2500

B- Fees of Maintenance Training Centers:

No.	Type of Fees	Fees in JD
1	Submitting an application and studying it in order to license a maintenance training center.	12000

2	Technical evaluation and auditing the application and manuals, and field inspection of the maintenance training Organizations upon issuance or renewal of license	7000
3	Issuance or renewal of a license for a maintenance training Organizations	5000
4	Licensing of maintenance training Organizations specialization for each specialization or aircraft model, or renewal of such license.	1500
5	Approving a maintenance training Organizations instructor for each instructor.	200
6	Approving full issuance of maintenance training procedures manual.	400
7	Approving an amendment to the maintenance training procedures manual.	100
8	Changing facilities and subjects (teaching rooms, library, workshops, equipment and tools) for each specialization.	250
9	Approving foreign maintenance training center, or renewal of	10000

	such approval.	
--	----------------	--

C- Fees of Authorities Responsible for Manufacturing Aircrafts or Parts Thereof:

No.	Type of Fees	Fees in JD
1	Submitting an application and studying it in order to license an aircrafts' factory or its parts.	12000
2	Technical evaluation and auditing the application and manuals, and field inspection on the factory upon issuance or renewal of license	7000
3	Issuance or renewal of a license for the factory.	5000
4	Licensing manufacturing an aircraft of a maximum aircraft weight exceeding 5700 Kgs for each aircraft model, or renewal of such license.	4000
5	Licensing manufacturing an aircraft of a maximum weight of 5700 Kgs or less, and over 750 Kgs for each aircraft model, or renewal of such license.	1500
6	Licensing manufacturing of a Helicopter aircraft type for each aircraft model, or renewal of such license.	2000
7	Licensing manufacturing an aircraft of a maximum weight of 750 Kgs or less for each aircraft model, or renewal of such license.	1000
8	Licensing manufacturing for a Turbo Engine for each model, or renewal of such license.	2000
9	Licensing manufacturing for a Reciprocating Engine for each model, or renewal of such license.	1500
10	Licensing manufacturing for an Auxiliary Power Unit for each model, or renewal of such license.	1000
11	Licensing manufacturing all devices, parts and accessories of each manufactural number, or renewal of such license.	1000
12	Approving contracting parties with the factory, for each party.	750
13	Approving full issuance of manufacturing procedures manual.	400
14	Approving an amendment to the manufacturing procedures manual.	100

D- Fees of Authorities Responsible for Designing Aircrafts:

No.	Type of Fees	Fees in JD
------------	---------------------	-------------------

1	Submitting an application and studying it in order to license an authority responsible for designing aircrafts.	12000
2	Technical evaluation and auditing the application and manuals, and field inspection of the authority responsible for designing aircrafts upon issuance or renewal of license	7000
3	Issuance or renewal of a license for the authority responsible for designing aircrafts.	5000
4	Approving full issuance of procedures manual.	400
5	Approving an amendment to the procedures manual.	100
6	Approving contracting parties with the authority responsible for designing aircrafts, for each party.	500

E- Fees of Designs:

No.	Type of Fees	Fees in JD
1	Submitting an application and studying it for type certificates related to large aircraft, for each model.	3000

2	Submitting an application and studying it for type certificates related to small aircraft, for each model.	2000
3	Submitting an application and studying it for type certificates related to turbo engine, for each model.	2000
4	Submitting an application and studying it for type certificates related to reciprocating engine, for each model.	1500
5	Submitting an application and studying it for type certificates related to very small aircraft, for each model.	750
6	Submitting an application and studying it for type certificates related to propeller, for each model.	750
7	Submitting an application and studying it in order to approve a foreign type certificate.	800
8	Submitting an application and studying it for standard technical specifications of auxiliary power unit, for each model.	750
9	Submitting an application and studying it for standard technical specifications of devices, parts and accessories of each manufactural number.	750
10	Design Evaluation for a large aircraft for each model.	12000
11	Design Evaluation for a small aircraft for each model.	10000
12	Design Evaluation for a turbo engine for each model.	7000
13	Design Evaluation for a reciprocating engine for each model.	5000

14	Design Evaluation for a very small aircraft for each model.	2500
15	Design Evaluation for a propeller for each model.	2500
16	Design Evaluation for an auxiliary power unit for each model.	2500
17	Design Evaluation for devices, parts and accessories of each manufactural number, for each model.	2500
18	Licensing Program for a large aircraft for each model.	6000
19	Licensing Program for a small aircraft for each model.	3500
20	Licensing Program for a turbo engine for each model.	4500
21	Licensing Program for a reciprocating engine for each model.	2500
22	Licensing Program for a very small aircraft for each model.	1200
23	Licensing Program for a propeller for each model.	1200
24	Licensing Program for an auxiliary power unit for each model.	1200
25	Licensing Program for devices, parts and accessories of each manufactural number.	1200
26	Checking compliance for a large aircraft for each model.	13000
27	Checking compliance for a small aircraft for each model.	10000
28	Checking compliance for a turbo engine for each model.	10000
29	Checking compliance for a reciprocating engine for each model.	9000
30	Checking compliance for a very small aircraft for each model.	5000
31	Checking compliance for a propeller for each model.	4500
32	Checking compliance in order to approve a foreign type certificate.	4000
33	Checking compliance for an auxiliary power unit for each model.	4000
34	Checking compliance for devices, parts and accessories of each manufactural number.	4000
35	Issuing type certificates for a large aircraft for each model.	5500
36	Issuing type certificates for a small aircraft for each model.	3500
37	Issuing type certificates for a turbo engine for each model.	4500
38	Issuing type certificates for a reciprocating engine for each model.	2500

39	Issuing type certificates for a very small aircraft for each model.	1000
40	Issuing type certificates for a propeller for each model.	750
41	Approving foreign type certificates for an aircraft and issuing a type acceptance certificate.	2000
42	Issuing standard technical specifications for an auxiliary power unit.	900
43	Issuing standard technical specifications for devices, parts and accessories of each manufacturing number.	900

F- Fees of Amendments & Repairs:

No.	Type of Fees	Fees in JD
1	Submitting an application and studying it in order to amend a type certificate for each model.	300
2	Design Evaluation in order to amend a type certificate for each model.	500
3	Licensing Program in order to amend a type certificate for each model.	500
4	Checking compliance in order to amend a type certificate for each model.	1800
5	Issuing type certificates after amendment for each model.	400
6	Studying of an annexed application for a type certificate, for each model.	250
7	Design Evaluation of a type certificate annex, for each model.	1300
8	Licensing Program for a type certificate annex, for each model.	350
9	Checking compliance for a type certificate annex, for each model.	1800
10	Issuing type certificates for a type certificate annex, for each model.	700
11	Accepting an annex to a type certificate or foreign amendment to a product, for each serial number.	2000
12	Submitting an application and studying it in order to make a non-primary amendment.	100
13	Design Evaluation for a non- primary Modification	250
14	Licensing Program of a non- primary Modification	150
15	Checking compliance of a non- primary Modification	350
16	Issuing an approval on a non- primary Modification	200

17	Submitting an application and studying it in order to make a primary Repair	100
18	Design Evaluation for a primary Repair	300
19	Licensing Program of a primary Repair	150
20	Checking compliance of a primary Repair	350
21	Issuing an approval on a primary Repair	200
22	Accepting a foreign primary Repair on a product, for each serial number.	400
23	Submitting an application and studying it in order to make a non-primary Repair	25
24	Design Evaluation for a non-primary Repair	100
25	Licensing Program of a non- primary Repair	50
26	Checking compliance of a non- primary Repair	150
27	Issuing an approval on a non- primary. Repair	50
28	Accepting a foreign non- primary Repair on a product, for each serial number.	250

G- Fees of Aircrafts:

No.	Type of Fees	Fees in JD
1	Submitting an application and studying it in order to register an aircraft.	200
2	Evaluating an aircraft registration request and its attachments.	300

3	Issuance of an aircraft registration certificate as per maximum take-off weight.	JD 800 and JD 50 per Ton or part thereto
4	Issuance of an aircraft validity license for an aircraft of a maximum take-off weight exceeding 5700 Kgs including a validity inspection certificate, or renewing both certificates based on max weight of aircraft on take-off.	JD 3000 and JD 100 per Ton or part thereto
5	Issuance of an Airworthiness Review Certificate (ARC) for an aircraft of a maximum take-off weight of 5700 Kgs or less, and over 750 Kgs, including a validity inspection certificate, or renewing both certificates.	2000

6	Issuance of an Airworthiness Review Certificate (ARC) for an aircraft of a maximum take-off weight of 750 Kgs or less, including a validity inspection certificate, or renewing both certificates.	1000
7	Renewal of an Airworthiness Review Certificate(ARC) for an aircraft of a maximum take-off weight exceeding 5700 Kgs.	500
8	Renewal of an Airworthiness Review Certificate (ARC) for an aircraft of a maximum take-off weight of 5700 Kgs or less, and over 750 Kgs.	200
9	Renewal of an Airworthiness Review Certificate(ARC) for an aircraft of a maximum take-off weight of 750 Kgs or less.	100
10	Issuance of an aircraft noise certificate.	350
11	Placing and removing a mortgage sign on an aircraft.	500

12	Assigning tags and an aircraft registration certificate for the purposes of trial and testing of an aircraft upon production (for an aircraft's factory only).	1500
13	Issuing a certificate proving the validity of an aircraft for the purposes of exporting, based on the maximum weight of the aircraft on take-off.	JD 400 and JD 25 per Ton or part thereto
14	Issuance of a cancellation certificate for an aircraft registration based on the maximum weight of the aircraft on take-off.	JD 200 and JD 5 per Ton or part thereto
15	Issuing a special aviation permit for the purpose of testing and approving an aircraft upon production (for an aircraft's factory only).	1800
16	Issuance of a temporary Flight permit for an aircraft for other purposes.	1000
17	Approving a responsibilities assignment agreement from the leased aircraft registration country to the authority.	2000

H- Fees of Steered Aircrafts:

No.	Type of Fees	Fees in JD
1	Issuance or renewal of a certificate for an authority responsible for designing Remotely Controlled aircrafts.	3850
2	Issuance of a type certificate for Remotely Controlled aircraft.	875

3	Issuance or renewal of a certificate for an authority responsible for manufacturing Remotely Controlled aircrafts.	3850
4	Issuance of a registration certificate for Remotely Controlled aircraft of a maximum take-off weight of 25 Kgs or less.	3
5	Issuance of a registration certificate for a Remotely Controlled aircraft of a maximum take-off weight over 25 Kgs and not exceeding 150 Kgs.	5

I- Common Fees with Air Operations:

No.	Type of Fees	Fees in JD
1	Studying an exemption request from the Jordan Civil Aviation Regulations.	1000
2	Evaluating any director nominated for an administrative position as stipulated by the Regulations or approving any director thereof.	200
3	Changing the head office of the company (Aircrafts Airworthiness Standards).	2000
4	Approving other sights other than the main sight for each sight (Aircrafts Airworthiness Standards) or changing such sights.	1000
5	Changing the ownership or the name of the Company.	500
6	Approving an internal training for a Company employee.	200
7	Approving a full issuance of any other manual not stated above.	200
8	Approving an amendment of any other manual not stated above.	50
9	Re- issuance of any certificate due to an amendment or in lieu of a lost or damaged certificate.	200

J- Subject to the provisions of Article (11) and Article (12) of this regulation, (%50) of the prescribed fees of any item, regarding submitting an application and studying it, shall be collected after expiry of the prescribed duration of such application.

Article (13):

Airports Safety and Standards fees shall be collected as issued by the Authority, in accordance with the following:

No.	Type of Fees	Fees in JD
1	Studying an application for (certifying) an airport.	10000
2	Issuance or renewal of an airport (certificate) of one runway, including regular inspection and follow up fees.	22000
3	Issuance or renewal of an airport (certificate) of two runways or more, including regular inspection and follow up fees.	44000
4	Request for studying and certifying a Helipad	2500
5	Issuance or renewal of a Helipad certificate.	5000
6	Obstacle-impact study with field visit.	400
7	Obstacle-impact study without field visit.	300
8	Studying of a suggested new airport plans.	5000
9	Studying comprehensive structural plans of an existing airport.	2400
10	Studying an application for an airport suggested location.	3200
11	Studying an application for granting exceptions from Civil Aviation Regulations for public interest including inspections and navigational studies related to airports.	1800
12	Studying an application to approve an Operational Agreement of Ground Handling Services.	7000
13	Studying the impacts of solar and wind power projects.	700
14	Field visit for studying the impacts of solar and wind power projects.	300
15	An application to amend certificate of one runway airport.	11000
16	An application to amend certificate of two runways airport.	22000
17	Studying an application to approve an Operational Agreement of Ground Handling Services.	7000
18	Re- studying a navigation obstacle impact for individuals projects.	200

19	Re- studying a navigation obstacle impact for companies projects.	400
20	Obstruction lights inspection.	200

Article (14):

Aviation Safety fees shall be collected as issued by the Authority, in accordance with the following:

No.	Type of Fees	Fees in JD
1	An application to review the security program of national aviation companies and approving application thereof.	2500
2	An application to approve the security program of national aviation companies.	1000
3	An application to review the security program of foreign aviation companies and approving application thereof.	1000
4	Applications to re- approve the security program of foreign aviation companies.	150
5	An application to review the security program of an airport and approving application thereof.	5000
6	Applications to re- approve the security program of an airport.	1500
7	An application to review the quality control program of aviation security for airports, and approving application thereof.	300
8	Applications to re- approve the quality control program of aviation security for airports.	150
9	An application to review the facilitations program for airports and approving application thereof.	300
10	An application to re- approves the facilitations program for airports.	150
11	Approving any special security program for investors other than aviation companies.	400
12	An application to re- approve any special security program for investors other than aviation companies	150
13	Reviewing and approving any training security program.	400
14	An application to re- approves any training program.	150
15	Submitting an application of mail and air freight agent.	1500
16	Licensing a mail and air freight agent (regular agent) or renewal of license thereof.	10000

17	Issuing or renewing an aviation security officer license.	50
----	---	----

Article (15):

Economic regulations fees shall be collected as issued by the civil aviation regulatory commission in accordance with the following:

No.	Type of Fees	Fees in JD	
1	Issuances of a landing permit for non-scheduled flight in Jordanian airports.	25	
2	Issuance of Overflying permit for non-scheduled flight for Jordanian airspace	15	
3	Submitting an application For an Economic Operating License(EOL)	3000	
4	Studying an Economic Operating License(EOL) application	12000	
5	Issuance of an Economic Operating License(EOL)	5000	
6	Monthly follow up of aviation companies granted an economy operation license, whereas monthly follow up fees shall be calculated on the basis of shown ratios. The monthly pursuant charges for Jordanian air carriers granted economic operating license (EOL) and , whereas monthly pursuant charges shall be calculated on the basis of shown ratios.	1- JD (0.0103) per (1000) passenger Kilometer 2- JD(0.0579) per (1000) tons Kilometer	
		Licensing issuance	Licensing Renewal
		Fees	Fees
7	Route License to operate scheduled service on the city to city pair for national air carriers	13500	10000
8	Primary Aircraft service supervising agent- for private and charter flights	5000	3000
9	Supervising sub- agent on casual and private aircrafts services. Secondary Aircraft service supervising agent for private and charter flights	2500	1500/ annually

Article (16):

Safety and Standards of Air Navigation fees shall be collected as issued by the Authority, in accordance with the following:

No.	Type of Fees	Fees in JD
1	Submitting an application to obtain an Operation Certificate for an Air Navigation Services Provider.	10000
2	Studying an application to obtain an Operation Certificate for an Air Navigation Services Provider.	90000
3	Issuance or renewal of an Operation Certificate for an Air Navigation Services Provider.	200000
4	Licensing or renewing an air watch tower for one runway	10000
5	Licensing or renewing an air watch tower for two runways	15000
6	Licensing or renewing a radar approach partition.	14000
7	Licensing or renewing a radar air control center.	150000
8	Licensing or renewing an aviation data management unit.	4000
9	Licensing or renewing a fixed communication center.	10000
10	Licensing or renewing a wireless auto landing system.	5000
11	Submitting an application and studying it in order to license a college, school or an institution for air navigation services (ANS).	10000
12	Licensing or renewing a college, school or an institution for air navigation services (ANS).	15000
13	Licensing or renewing a non- radar area partition.	5000
14	Licensing or renewing a radar area partition.	10000
15	Licensing or renewing a non- radar approach partition.	5000
16	Licensing or renewing a navigation guide system.	4000
17	Licensing or renewing a radio telecommunication receiver and transmitter system.	4000
18	Licensing or renewing a delicate radar approach system in the final stages of landing.	10000
19	Licensing or renewing a scouting station via satellites.	4000
20	Licensing or renewing a meteorological station for one runway.	4000
21	Licensing or renewing a meteorological station for two runways.	7000

22	Licensing or renewing VCSS Telephone Communication System.	5000
23	Licensing or renewing VDL or CPDLC Communication System.	4000
24	Licensing or renewing the broadcasting system of automated weather forecast.	4000
25	Approving Performing Technical or Practical Procedures Manual.	1000
26	Approving an amendment to the Performing Technical or Practical Procedures Manual.	100
27	Submitting an application to renew the license of a college, school or technical institution / air navigation.	1000
28	Licensing or renewing a radar simulator training center.	5000
29	Approving an air watch tower instructor.	100
30	Approving a radar- based air watch tower instructor.	100
31	Approving a non- radar- based air watch tower instructor.	100
32	Approving an air control inspector.	100
33	Approving a radar simulator instructor.	100

34	Approving an air navigation services system instructor.	100
35	Auto landing system using satellites.	10000
36	Approving an instructor/ teacher for courses or specialized subjects related to air navigation.	100
37	Approving a training bundle or a teaching subject.	200
38	Approving an amendment made to a training bundle or a teaching subject.	100
39	Approving an aeronautical information management (AIM) instructor	100
40	Changing the location, name of a college, school or an institution for air navigation services.	5000
41	Licensing a designated unit for designing air navigation procedures.	15000
42	Approving or renewing a meteorological training center that applied at the Civil Aviation.	3000
43	Approving a meteorology subject.	200
44	Amending meteorology subjects.	100

45	Approving or renewing a meteorologist.	100
----	--	------------

Article (17):

A- The entire set up fee or charge against issuing any of the authorization, license permit, certificate, confirmation and approval shall be collected and specified as a temporary license, if the temporary period for the license is equal or more than (50%) of the period specified for the permanent license.

B- Half the fee or charge, mentioned in paragraph (A) of this Article shall be collected if the temporary license period is less than 50% of the permanent license.

Article (18):

Additional fees amounting to (2%) of the fees prescribed in this regulation shall be collected upon performing any amendment on a license, permit, or warrant, unless this regulation states other fees values.

Article (19):
